

SPOKANE COUNTY
SHERIFF
SHERIFF OZZIE D. KNEZOVICH

“In partnership with the community -
Dedicated to your safety”

April 18, 2022

To Whom It May Concern:

I am writing to endorse the mission of the Reclaim Project, a men's-only transformational platform assisting individuals transitioning from addiction, incarceration, and homelessness. The Reclaim Project operates 27 sober-living properties providing housing for 125 men in the Greater Spokane area.

They offer educational classes, a gym, martial arts programming, recovery meetings, Bible Study and Dinner, yoga, meditation, and several other recovery modalities - all free of charge to any man with 24 hours of sobriety.

Working closely with community organizations, Department of Corrections, and local law enforcement, the Reclaim Project dedicates its mission to uplifting individuals facing employment, recovery, and personal growth challenges.

The capability of this program to transition an individual from a state of scarcity to abundance while providing a stable, safe environment for personal growth and recovery, has assisted hundreds of men in regaining their sobriety and self-worth. These men are now capable and willing contributors to our community.

I am pleased to offer my support of the Reclaim Project. In a time of increasing homelessness, addiction and crime, affecting both the safety and wellbeing of our community and families, it is exciting to support a program whose success is exemplified by their motto: ***“We build capable men.”***

Sincerely,

OZZIE D. KNEZOVICH, Sheriff
Spokane County
